

Sandy Lake

Endowment Fund (SLEF)

Recently Funded Projects

The Sandy Lake community keeps on winning. Thanks to all donors whose legacy will be remembered for ever. The interest earned on their donations allowed us in 2022 to help the Western Days committee to purchase 12 tables for community gatherings, equipment and materials for the Sandy Lake Swim Club and self watering flower pots for Sandy Lake in Bloom. The Legion cenotaph will get an access refresh with new concrete and the Museum will purchase a new stove to support their cultural food services in the community.

How to Donate

The Sandy Lake Endowment Fund (SLEF) is managed by the Killarney Foundation Inc.

Make cheque **payable to:**

“The Killarney Foundation Inc”

with note **“SLEF #34.”**

Mail to:

The Killarney Foundation Inc
Box 1180, Killarney, Mb R0K 1G0

Or

RM Harrison Park, c/o SLEF,
Box 190, Onanole, R0J 1N0

Sandy Lake

Endowment Fund

“Our mission is to build an endowment fund, it’s earnings to be shared between projects aiming for the betterment of the Sandy Lake community.”

The Sandy Lake Endowment Fund (SLEF)

is a non-profit organization. The purpose is to build an endowment fund and to create community investment capital for the betterment of the Sandy Lake community.

Each year, a portion of the fund's interest income can be distributed to successful project applicants. The principal portion of the fund will always remain with the fund. This provides long term support for new community projects.

The fund also provides opportunity for donors to consolidate their charitable giving and receive an income tax receipt. Contributions help build the fund and provide donors with a legacy supporting the betterment of the Sandy Lake area.

Applying for Funding

Before application is made, projects should demonstrate physical evidence of having already started.

Funds requested must be directed to the purchase of capital assets, including repair or replacement of capital assets in the project. Funds cannot be used for consumption or operating costs of the project.

Consideration for approval excludes projects by formal education, religious, and political organizations.

Application intakes occur twice a year; June and December.

Committee members review applications to ensure eligibility. Access application at :

www.harrisonpark.ca/p/community-services

Sandy Lake Foundation History

After retiring from CN Railroad, Earl Symonds, returned to his roots in Sandy Lake. Growing up in Sandy Lake, Earl felt the community had been good to his family and that it was important to give back.

Earl Symonds is the founder of the Sandy Lake Endowment Fund. At start-up, he donated \$25,000 and has been matching donations ever since. Earl is an honorary lifetime member of the Fund.

The Sandy Lake community thanks you, Earl.
